EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Abstract, the extraneous word "Figure 1" is deleted.

Allowable Subject Matter

Claims 1,4 and 5 are pending.

Claims 1,4 and 5 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art reference is WO'880. WO'880 does not teach a hole in the leaf spring through which the filter support body can protrude and seal the opening. It would also be no obvious to one of ordinary skill in the art because the filter inlet and outlet structure of WO'880 is not conducive to such modification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
